Portfolio: [dentry.cmfernandez.online](https://dentry.cmfernandez.online) (Web & Digital Projects)

## SUMMARY

BS Information Technology graduate with strong organizational and technical skills. Experienced in data entry, administrative support, and task management using Excel, Google Sheets, and CRM tools. Knowledgeable in web technologies, networking, and cybersecurity, with the ability to assist in basic technical tasks. Actively learning automation tools and workflow optimization to improve efficiency and productivity. Detail-oriented, reliable, and always eager to learn new technologies.

## WORK EXPERIENCE

### TECHNICAL / WEB SUPPORT DEVELOPER (RELOAD Media)- July 2024 – Jan 2026

Tech Used: VS Code, Tailwind, Vercel, Cloudflare, Github, Bootstrap, JavaScript, ChatGPT

- Assisted in maintaining and updating landing pages and website content using modern web tools.
- Managed and monitored domains through Cloudflare to ensure website uptime and stability.
- Supported website organization, updates, and basic technical adjustments.
- Assisted in tracking and managing digital campaign tools and reporting data (Facebook & TikTok ads).
- Worked with affiliate tracking systems (Voluum) for monitoring campaign performance.

### TECHNICAL SUPPORT (LYR Group of Companies) - Aug 2022 – Nov 2023

Tech Used: Anydesk, Mikrotik, TP-Link, Ticketing System, Diagnostic Tools

- Provided technical support to users by handling service tickets and resolving system issues.
- Assisted in maintaining and documenting network and system configurations across branches.
- Performed troubleshooting for connectivity and system-related issues (internet, access, and basic network problems).
- Updated records and documentation for network setup, changes, and technical reports.
- Coordinated with teams to ensure issues were resolved within required response time (SLA compliance).
- Assisted in basic network setup and maintenance under supervision.
